The therapist must also register with the Board.(BPC §4999.23)

This Bill:

- 1) Establishes California as a member of the Interstate Counseling Compact (Compact) in statute. Specifies that the purpose of the Compact is to facilitate interstate practice of licensed professional counselors (LPCs), with a goal of improving public access to their services. (BPC §4999.130(a))
- 2) Provides that the practice of professional counseling occurs in the state where the client is located at the time of the counseling services. (BPC §4999.130(a))
- 3) States that the Compact is designed to achieve numerous objectives, including increasing public access to counseling services by providing mutual recognition of other states' licenses, encouraging the regulatory cooperation of member states, supporting spouses of relocating military members, and eliminating the need for licenses in multiple states. (BPC §4999.130(b))
- 4) Defines certain terms used in the Compact, including the following (BPC §4999.133):
 - Counseling Compact Commission, or "Commission" is defined as the national administrative body whose membership consists of all states that have enacted the Compact.
 - Data System is defined as the repository of information about licensees, including but not limited to continuing education, exam, licensure, investigative, privilege to practice, and adverse action information.
 - Licensed Professional Counselor is defined as a counselor licensed by a member state, regardless of the title used, to independently assess, diagnose, and treat behavioral health conditions.
 - Professional Counseling means the assessment, diagnosis, and treatment of behavioral health conditions by an LPC.
 - Member State means a state that has enacted the Compact.
 - Home State means the member state that is a licensee's primary state of residence.
 - Remote State means a member state other than the home state where a licensee is exercising or seeking the privilege to practice.
 - Privilege to Practice is defined as a legal authorization equivalent to a license, permitting the practice of professional counseling in a remote state.

State Responsibilities

- 5) Provides that to participate in the Compact, a state must (BPC §4999.140(a)(3)):

- License and regulate LPCs.
 - Require licensees to pass a nationally recognized exam approved by the Compact's commission.
 - Require a 60-semester hour or 90 quarter hour master's degree in counseling, or 60 semester hour or 90 quarter hours of graduate course work. The following topic areas must be covered:
 - Professional counseling orientation and ethical practice
 - Social and cultural diversity
 - Human growth and development
 - Career development
 - Counseling and helping relationships
 - Group counseling and group work
 - Diagnosis and treatment
 - Assessment and testing
 - Research and program validation
 - Other areas determined by the Compact Commission
 - Require licensees to complete supervised postgraduate experience.
 - Have a mechanism in place for receiving and investigating complaints.
- 6)** Requires the following of member states who join the Compact (BPC §4999.140(b)):
- a)** They must participate in the data system.
 - b)** They must notify the Commission of an adverse action or investigation of a licensee.
 - c)** They must have procedures for obtaining and considering an applicant's criminal history (via fingerprints or other biometric based information) from the FBI and the state's criminal records agency.
 - d)** They must comply with the Commission's rules.
 - e)** They must require an applicant to obtain or retain a license in their home state and meet that state's qualifications and laws.
 - f)** They must grant a privilege to practice to a licensee holding a valid, unencumbered license in another member state in accordance with Compact rules.
 - g)** They must attend the Compact Commission meetings.

- 7) Permits member states to charge a fee for granting a privilege to practice. (BPC §4999.140(c))
- 8) Requires that an individual living in another state can still apply for California's full single state license, but that single state license does not grant a privilege to practice in other member states. (BPC §4999.140(d))
- 9) Requires a license issued as an LPC by a home state to a resident in that state must be recognized by each member state as authorizing that LPC to practice, under a privilege to practice, in each member state. (BPC §4999.140(f))

Licensee Responsibilities

- 10) Specifies that a licensee must abide by certain requirements to exercise the privilege to practice under the Compact, including the following (BPC §4999.150(a)):
 - Hold a valid license in their home state.
 - Not have had any encumbrance or restriction against their license or privilege to practice within the past 2 years.
 - Notify the Commission they are seeking a privilege to practice in a remote state.

- 14)** Provides that a licensee providing professional counseling services in a remote state under a privilege to practice shall adhere to the laws, regulations, and scope of practice of that state. (BPC §4999.199)

Disciplinary Action

- 15)** Permits a remote state, with due process, to remove a licensee's privilege to practice in the remote state for a specific time, impose fines, or take any other necessary actions to protect public health and safety. The licensee may then be ineligible for a privilege to practice in any member state until the time the license is no longer removed and all fines are paid. (BPC §4999.150(d))
- 16)** If the home state license is encumbered, the licensee loses the privilege to practice in all remote states until the home state license is no longer encumbered, and there have been no encumbrances or restrictions against their license or any of their privilege to practices within the past 2 years. They must then re-submit and meet the requirements for a privilege to practice. (BPC §4999.150(e) and (f))
- 17)** If a privilege to practice in a remote state is removed, the individual loses the privilege to practice in all remote states until the time specified for the privilege to practice to be removed has passed, all fines are paid, and there have been no encumbrances or restrictions against their license or any of their privileges to practice within the past 2 years. They must then re-submit and meet the requirements for a privilege to practice. (BPC §4999.150(g) and (h))
- 18)** Provides a remote state the authority to take adverse action against a licensee's privilege to practice in that state, and to issue subpoenas for hearings and investigations. However, only the home state may take adverse action against a license issued by the home state. (BPC §4999.159(a))
- 19)** Requires a home state to give the same priority to reported conduct from a member state as it would had the conduct occurred in the home state. The home state shall apply its own laws to determine the appropriate action. (BPC §4999.159(b))
- 20)** Permits a member state to recover from an LPC the costs of investigations and dispositions of cases from any adverse action taken against that person. (BPC §4999.159(d)).
- 21)** Permits a member state, when following its own procedures for taking action, to take adverse action based on factual findings of a remote state. (BPC §4999.159(e)).
- 22)** Permits member states to participate with other member states in joint investigations of licensees. (BPC §4999.159(f)).

The Counseling Compact Commission

- 23)** Establishes a joint public agency of member states called the Counseling Compact Commission (Commission). (BPC §4999.160)
- 24)** Provides that each member state has one delegate selected by its licensing board who may be either a current board member (either an LPCC member of public member) or board administrator. Each delegate is entitled to one vote regarding the adoption of rules and creation of bylaws of the Commission, which meets at least once annually. (BPC §4999.160)
- 25)** Grants the Commission various powers and duties, including (BPC §4999.163):
- Establishing bylaws;

 - Borrowing, accepting or contracting for services of personnel, including employees of a member state;
 - Establishing a budget, making expenditures, and borrowing money;
 - Appointing committees and establishing and electing an executive committee.
- 26)** Requires that Commission meetings must be open to the public, with public notice given. However, permits the Commission to convene in a closed meeting for certain reasons. (BPC §4999.167)
- 27)** Permits the Commission to levy and collect an annual assessment from each member state, or impose fees on other parties to cover its budget. The annual assessment amount shall be adopted via a rule binding on all member states. (BPC §4999.169)
- 28)** Sets forth a rulemaking process for the Commission to follow in adopting rules to achieve the purpose of the compact, which includes a notice of proposed rulemaking, a public comment period, and procedures for a hearing. Rules and amendments to them are binding once adopted. (BPC §4999.173)
- 29)** Requires the Commission to provide a coordinated database and reporting system that contains licensure, adverse action, and investigative information on all licensed individuals in member states. (BPC §4999.175)
- 30)** Requires member states to submit data to the system on all individuals the Compact is applicable to, including: identifying information, licensure data, adverse actions, application denials and the reasoning, and current significant

investigative information. Member states may designate information that is not to be shared publicly. (BPC §4999.175)

- 31) Requires the Commission to promptly notify member states of adverse action taken against a licensee or applicant, and the adverse action information must be available to the other member states. (BPC §4999.175)
- 32) Provides that the Commission must enforce the provisions and rules of the Compact and may initiate legal action against a member state to enforce compliance. (BPC §4999.187)
- 33) States that laws in a member state that are in conflict with the Compact are superseded, and that all lawful actions of the Commission are binding upon member states. (BPC §4999.199)

Comments:

- 1) **Author's Intent.** The author states that the Compact will allow LPCCs in California to fully practice in other member states in person and via telehealth, and will allow licensed counselors in other member states to do the same here in California. In their fact sheet for the bill, the author states the following:

“The Counselor Compact provides greater access to mental health care in California, removes barriers to practice without sacrificing public protection, helps address healthcare workforce shortages, and allows California LPCCs to provide greater continuity of care to patients who travel or relocate, provides seamless ability for military personnel and spouses who relocate to practice, preserves and strengthens the regulatory oversight of the Board of Behavioral Sciences.

The Compact does not impact the scope of practice in any state. Licensed Counselors practicing under the Compact in another state must comply with the counseling Laws and Standards in that state in which they are practicing. Professional Counselors (LPCCs in California) are licensed in all 50 states with consistent licensing requirements. The Compact does not affect the BBS authority to protect public health and safety or regulate the LPCC profession.”

- 2) **Current Members and Start Date.** As of this date, 33 states have officially joined the Compact. A map of states that have joined can be found [here](#).

The Commission indicates they hope to begin issuing privileges to practice in member states by the end of 2024.

- 3) **Who Qualifies as an LPC?** There is a title disparity between the bill (licensed professional counselors) and the Board's license type (licensed professional clinical counselors). It is unclear if this is significant.

- 4999.133(u) in the bill defines professional counseling as the assessment, diagnosis, and treatment of behavioral health conditions by an LPC.
- 4999.133(p) defines an LPC as a counselor licensed by a member state, regardless of title, to independently assess, diagnose, and treat behavioral health conditions.

The broadness of 4999.133(p) raises the question of whether individuals who are not equivalent in scope and experience to LPCCs would be able to practice under the terms of the compact. The Board typically requires out-of-state LPCCs to be licensed at the highest level for independent clinical practice. Additionally, there are other types of licensed mental health professionals that independently assess, diagnose, and treat. Would they qualify as LPCs under the compact?

The Compact Commission provides some explanation of the reasoning behind this in a document on its website titled “The Counseling Compact and Professional Identity” (pg. 2), found [here](#).

- 4) **Potential Education Discrepancies.** To qualify for its LPCC license, the Board requires the qualifying doctoral or master’s degree to be a single, integrated degree program that is counseling or psychotherapy in content. This bill (in 4999.140(a)(3)) appears to permit 60 semester or 90 quarter units of graduate course work that is not necessarily gained in a completed master’s degree in counseling.

Additionally, the specific coursework topic areas that must be covered (4999.40(a)(3)) do not cover all of the Board’s 13 required core content areas.

- 5) **California-Specific Coursework Requirements for Out-of-State Applicants.** Under the Board’s current license portability pathway to licensure (also known as Path A), an out-of-state licensee who has been equivalently licensed for at least 2 years in another state is eligible for a streamlined process to obtain a California license if they meet certain requirements, including passing the California law and ethics exam, and taking certain specific coursework: California law and ethics (12 hours), California cultures (15 hours), and child abuse reporting (7 hours, which must include content on California’s mandated reporting requirements).

The Board implemented this streamlined pathway to licensure via legislation, which became effective in January 2020. Since implemented, LPCCs who have utilized this pathway to licensure are as follows:

Application Received	FY 2019/2020	FY 2020/2021	FY 2021/2022	FY 2022/2023
LPCC Out-Of-State	128	211	282	341

This legislation was developed in a special License Portability Committee that the Board created, which met several times to explore the topic in-depth. One issue that the License Portability Committee found to especially critical was that California has a uniquely diverse population, which may not be found in other states. It also has some laws that reflect California’s values, for example regarding reproductive rights or LGBTQ+ rights, which may differ in other states. For this reason, the Committee felt strongly that out-of-state licensees should have certain supplemental coursework, at at least a continuing education course level, to ensure that out-of-state licensees had knowledge of these unique features so that they could practice with a diverse population safely and competently, and with knowledge of and in alignment with California law. This is why the three California-specific courses became required.

This bill permits jurisdictions to require applicants for a privilege to practice under the compact to meet jurisprudence requirements (i.e. a California law and ethics exam). However, under the Compact the Board would not be permitted to require these applicants to take any California-specific coursework.

- 6) **Fiscal Impact Unclear.** The estimated number of LPC licensees nationwide, and what percent of them may want to seek a privilege to practice in California, is unknown. This information is needed to estimate an accurate fiscal impact.

As of January 2024, the Board had 4,100 active LPCC licensees, and 4,400 total LPCC licensees (active, inactive, and delinquent).

New practitioners come with a potential cost to the Board if they face disciplinary action. The bill permits a state to take action against a licensee’s privilege to practice with due process (BPC 4999.150(d)) It also permits a state to recover costs associated with investigations and disciplinary actions from the licensee (BPC 4999.159(d)). However, at this time it is unknown if the Board would have the ability to fully recover costs of the increased number of complaints, investigations, and disciplinary actions against a licensee.

While this bill allows licensing boards to collect a fee for a privilege to practice, the allowable amount of that fee is unclear at this time and could in the future be dictated by rules established by Commission. If the Board receives applications from a large volume of individuals seeking a privilege to practice but cannot recover enough revenue to cover the costs of increased workload, it could run a deficit or require a higher fee from full license holders.

While the number of expected new practitioners is unclear, staff expects fiscal impacts related to the data system and required reporting, the need for the Board to run new regulations to comply with the Compact, and new staff in the licensing and enforcement units.

- 7) **Delegation of Board's Authority.** The bill requires that member states comply with the Compact Commission's rules, which are binding, and its actions, which are binding (4999.173, 4999.199). Each member board gets one delegate on the commission, who has one vote regarding adoption of rules, regardless of a state's market share or number of licensees. This could potentially affect the Board's ability to act autonomously to accomplish its public protection mission.

In addition, it appears the Commission could vote to have member boards incur additional costs. For example, the Commission may levy an annual assessment on member states, which is currently unspecified (BPC §4999.169).

- 8) **Supervision of Associates.** It is unclear from the language of the bill whether licensees holding a privilege to practice would be permitted to supervise associates. The Board would likely need to run regulations to answer this question, and others that would likely arise as a result of the compact.
- 5) **Related Legislation.** [AB 2501](#) (Bonta) would ratify the Psychology Interjurisdictional Compact, which would be applicable to the Board of Psychology.
- 6) **Resources.** The Compact has a website with a variety of information, including a map of states that have already joined, FAQs, and information on meetings of the Compact Commission's committees. That website can be found [here](#).
- 7) **Support and Opposition.**

Introduced by Assembly Member Wilson

February 14, 2024

An act to add Chapter 17 (commencing with Section 4999.130) to Division 2 of the Business and Professions Code, relating to healing arts.

legislative counsel's digest

AB 2566, as introduced, Wilson. Healing arts: counseling.

Existing law, the Licensed Professional Clinical Counselor Act, generally governs the provision of professional clinical counseling services in the state and prohibits a person from engaging in the practice of professional clinical counseling, as defined, without a license granted by the Board of Behavioral Sciences. Existing law authorizes a person who holds a license in another jurisdiction of the United States as a professional clinical counselor to provide professional clinical counseling services in this state for a period not to exceed 30 consecutive days in any calendar year, if specified conditions are met.

This bill would enact the Interstate Counseling Compact (the Compact), the purpose of which is to facilitate interstate practice of licensed professional counselors, as specified. The Compact would come into effect on the date on which the Compact statute is enacted into law in the 10th “Member State,” defined as a state, commonwealth, district, or territory of the United States of America that has enacted the Compact. Under the Compact, a professional counselor licensed in a Member State would be authorized to practice professional counseling in any other Member State, as specified. The Compact would establish a joint public agency known as the Counseling Compact Commission,

as a instrumentality of the Member States to administer the provisions of the Compact, as specified. The Compact would require the commission to provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in Member States. The Compact would impose certain requirements on Member States, including requiring licensees to pass a nationally recognized exam approved by the Commission, and submitting certain information regarding licensees to the data system.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Chapter 17 (commencing with Section 4999.130)
2 is added to Division 2 of the Business and Professions Code, to
3 read:

37 be made available on request.

38 (5) Nothing in this section shall be construed as requiring a
39 separate hearing on each rule. Rules may be grouped for the

1 convenience of the Commission at hearings required by this
2 section.

3 (j) Following the scheduled hearing date, or by the close of
4 business on the scheduled hearing date if the hearing was not held,
5 the Commission shall consider all written and oral comments
6 received.

7 (k) If no written notice of intent to attend the public hearing by
8 interested parties is received, the Commission may proceed with
9 adoption of the proposed rule without a public hearing.

10 (l) The Commission shall, by majority vote of all members, take
11 final action on the proposed rule and shall determine the effective
12 date of the rule, if any, based on the rulemaking record and the
13 full text of the rule.

14 (m) Upon determination that an emergency exists, the
15 Commission may consider and adopt an emergency rule without
16 prior notice, opportunity for comment, or hearing, provided that
17 the usual rulemaking procedures provided in the Compact and in
18 this section shall be retroactively applied to the rule as soon as
19 reasonably possible, in no event later than 90 days after the
20 effective date of the rule. For the purposes of this provision, an
21 emergency rule is one that must be adopted immediately in order
22 to do any of the following:

23 (1) Meet an imminent threat to public health, safety, or welfare.

24 (2) Prevent a loss of Commission or Member State funds.

25 (3) Meet a deadline for the adoption of an administrative rule
26 that is established by federal law or rule.

27 (4) Protect public health and safety.

28 (n) The Commission or an authorized committee of the
29 Commission may direct revisions to a previously adopted rule or
30 amendment for purposes of correcting typographical errors, errors
31 in format, errors in consistency, or grammatical errors. Public
32 notice of any revisions shall be posted on the website of the
33 Commission. The revision shall be subject to challenge by any
34 person for a period of 30 days after posting. The revision may be
35 challenged only on grounds that the revision results in a material
36 change to a rule. A challenge shall be made in writing and delivered
37 to the chair of the Commission before the end of the notice period.
38 If no challenge is made, the revision shall take effect without
39 further action. If the revision is challenged, the revision shall not
40 take effect without the approval of the Commission.

Article 5. Data System

1
2
3 4999.175. (a) The Commission shall provide for the
4 development, maintenance, operation, and utilization of a
5 coordinated database and reporting system containing licensure,
6 adverse action, and investigative information on all licensed
7 individuals in Member States.

8 (b) Notwithstanding any other provision of state law to the
9 contrary, a Member State shall submit a uniform data set to the
10 data system on all individuals to whom this Compact is applicable
11 as required by the rules of the Commission, including all of the
12 following:

- 13 (1) Identifying information.
- 14 (2) Licensure data.
- 15 (3) Adverse actions against a license or Privilege to Practice.
- 16 (4) Nonconfidential information related to alternative program
17 participation.
- 18 (5) Any denial of application for licensure, and the reason or
19 reasons for the denial.
- 20 (6) Current significant investigative information.
- 21 (7) Other information that may facilitate the administration of
22 this Compact, as determined by the rules of the Commission.

23 (c) Investigative information pertaining to a licensee in any
24 Member State shall only be available to other Member States.

25 (d) The Commission shall promptly notify all Member States
26 of any adverse action taken against a licensee or an individual
27 applying for a license. Adverse action information pertaining to a
28 licensee in any Member State shall be available to any other
29 Member State.

30 (e) Member States contributing information to the data system
31 may designate information that shall not be shared with the public
32 without the express permission of the contributing state.

33 (f) Any information submitted to the data system that is
34 subsequently required to be expunged by the laws of the Member
35 State contributing the information shall be removed from the data
36 system.

3 4999.180. (a) The executive, legislative, and judicial branches
4 of state government in each Member State shall enforce this
5 Compact and take all actions necessary and appropriate to
6 effectuate the Compact’s purposes and intent. The provisions of
7 this Compact and the rules adopted hereunder shall have standing
8 as statutory law.

9 (b) All courts shall take judicial notice of the Compact and the
10 rules in any judicial or administrative proceeding in a Member
11 State pertaining to the subject matter of this Compact that may
12 affect the powers, responsibilities, or actions of the Commission.

13 (c) The Commission shall be entitled to receive service of
14 process in any such proceeding and shall have standing to intervene
15 in the proceeding for all purposes. Failure to provide service of
16 process to the Commission shall render a judgment or order void
17 as to the Commission, this Compact, or adopted rules.

18 4999.183. (a) If the Commission determines that a Member
19 State has defaulted in the performance of its obligations or
20 responsibilities under this Compact or the adopted rules, the
21 Commission shall do both of the following:

22 (1) Provide written notice to the defaulting state and other
23 Member States of the nature of the default, the proposed means
24 of curing the default, or any other action to be taken by the
25 Commission.

26 (2) Provide remedial training and specific technical assistance
27 regarding the default.

28 (b) If a state in default fails to cure the default, the defaulting
29 state may be terminated from the Compact upon an affirmative
30 vote of a majority of the Member States, and all rights, privileges
31 and benefits conferred by this Compact may be terminated on the
32 effective date of termination. A cure of the default does not relieve
33 the offending state of obligations or liabilities incurred during the
34 period of default.

35 (c) Termination of membership in the Compact shall be imposed
36 only after all other means of securing compliance have been
37 exhausted. Notice of intent to suspend or terminate shall be given
38 by the Commission to the governor, the majority and minority
39 leaders of the defaulting state’s legislature, and each of the Member
40 States.

1 (d) A state that has been terminated is responsible for all
2 assessments, obligations, and liabilities incurred through the
3 effective date of termination, including obligations that extend
4 beyond the effective date of termination.

5 (e) The Commission shall not bear any costs related to a State
6 that is found to be in default or that has been terminated from the
7 Compact, unless agreed upon in writing between the Commission
8 and the defaulting state.

9 (f) The defaulting state may appeal the action of the Commission
10 by petitioning the United States District Court for the District of
11 Columbia or the federal district where the Commission has its
12 principal offices. The prevailing member shall be awarded all costs
13 of the litigation, including reasonable attorney’s fees.

14 4999.185. (a) Upon request by a Member State, the
15 Commission shall attempt to resolve disputes related to the
16 Compact that arise among Member States and between Member
17 and non-Member States.

18 (b) The Commission shall adopt a rule providing for both
19 mediation and binding dispute resolution for disputes as
20 appropriate.

21 4999.187. (a) The Commission, in the reasonable exercise of
22 its discretion, shall enforce the provisions and rules of this
23 Compact.

24 (b) By majority vote, the Commission may initiate legal action
25 in the United States District Court for the District of Columbia or
26 the federal district where the Commission has its principal offices
27 against a Member State in default to enforce compliance with the
28 provisions of the Compact and its adopted rules and bylaws.

29 (c) The relief sought may include both injunctive relief and
30 damages. In the event judicial enforcement is necessary, the
31 prevailing member shall be awarded all costs of the litigation,
32 including reasonable attorney’s fees.

33 (d) The remedies described in this section shall not be the
34 exclusive remedies of the Commission. The Commission may
35 pursue any other remedies available under federal or state law.

36
37 Article 7. Implementation, Withdrawal, and Amendment

38
39 4999.190. (a) The Compact shall come into effect on the date
40 on which the Compact statute is enacted into law in the 10th

1 Member State. The provisions, which become effective at that
2 time, shall be limited to the powers granted to the Commission
3 relating to assembly and the adoption of rules. Thereafter, the
4 Commission shall meet and exercise rulemaking powers necessary
5 to the implementation and administration of the Compact.

6 (b) Any state that joins the Compact after the Commission's
7 initial adoption of the rules shall be subject to the rules as they
8 exist on the date on which the Compact becomes law in that state.
9 Any rule that has been previously adopted by the Commission
10 shall have the full force and effect of law on the day the Compact
11 becomes law in that state.

12 4999.193. (a) Any Member State may withdraw from this
13 Compact by enacting a statute repealing the same.

14 (b) A Member State's withdrawal shall not take effect until six
15 months after enactment of the repealing statute.

16 (c) Withdrawal shall not affect the continuing requirement of
17 the withdrawing state's professional counseling licensing board
18 to comply with the investigative and adverse action reporting
19 requirements of this act before the effective date of withdrawal.

20 4999.195. Nothing contained in this Compact shall be construed
21 to invalidate or prevent any professional counseling licensure
22 agreement or other cooperative arrangement between a Member
23 State and a non-Member State that does not conflict with the
24 provisions of this Compact.

25 4999.197. This Compact may be amended by the Member
26 States. No amendment to this Compact shall become effective and
27 binding upon any Member State until it is enacted into the laws
28 of all Member States.

29 4999.198. This Compact shall be liberally construed so as to
30 effectuate the purposes thereof. The provisions of this Compact
31 shall be severable and if any phrase, clause, sentence, or provision
32 of this Compact is declared to be contrary to the constitution of
33 any Member State or of the United States or the applicability
34 thereof to any government, agency, person, or circumstance is held
35 invalid, the validity of the remainder of this Compact and the
36 applicability thereof to any government, agency, person, or
37 circumstance shall not be affected thereby. If this Compact is held
38 contrary to the constitution of any Member State, the Compact
39 shall remain in full force and effect as to the remaining Member

1 States and in full force and effect as to the Member State affected
2 as to all severable matters.

3 4999.199. (a) A licensee providing professional counseling
4 services in a Remote State under the Privilege to Practice shall
5 adhere to the laws and regulations, including scope of practice, of
6 the Remote State.

7 (b) Nothing herein prevents the enforcement of any other law
8 of a Member State that is not inconsistent with the Compact.

9 (c) Any laws in a Member State that are in conflict with the
10 Compact are superseded to the extent of the conflict.

11 (d) Any lawful actions of the Commission, including all rules
12 and bylaws properly adopted by the Commission, are binding upon
13 the Member States.

14 (e) All permissible agreements between the Commission and
15 the Member States are binding in accordance with their terms.

16 (f) In the event that any provision of the Compact exceeds the
17 constitutional limits imposed on the Legislature of any Member
18 State, the provision shall be ineffective to the extent of the conflict
19 with the constitutional provision in question in that Member State.

20 SEC. 2. The Legislature finds and declares that Section 1 of
21 this act, which adds Chapter 17 (commencing with Section
22 4999.130) to the Business and Professions Code, imposes a
23 limitation on the public's right of access to the meetings of public
24 bodies or the writings of public officials and agencies within the
25 meaning of Section 3 of Article I of the California Constitution.
26 Pursuant to that constitutional provision, the Legislature makes
27 the following findings to demonstrate the interest protected by this
28 limitation and the need for protecting that interest:

29 In order to protect the privacy rights of individuals, it is necessary
30 that this act limit the public's right of access to that information.
